book harvest

Book Harvest Founders Circle

Invest in Book Harvest. Invest in a home library for every child.

The Book Harvest Founders Circle is a community of visionary individuals and families who share our commitment to *literacy for every child,* starting at birth. Building on the legacy of leadership that launched Book Harvest, the Founders Circle will catalyze our growth toward scale, ensuring that every child has the tools to thrive in school, work, and life.

Member Benefits

Impact

Your membership in the Book Harvest Founders Circle is an investment in book ownership and abundant home libraries for all children, starting at birth and over the critical first decade of life. Books in the home are catalytic and essential, fueling storytimes, robust vocabularies, empathy, curiosity, and creativity—and are a foundation for academic success, flourishing, and a lifelong love of reading.

Service and Civic Engagement

Founders Circle members are invited to serve and celebrate at Book Harvest's annual Dream Big and Summer Block Party events, to join us for high-impact volunteer engagements throughout the year, and to attend invitation-only briefings with Book Harvest's founder and CEO.

Recognition and Gratitude

Founders Circle members are recognized and celebrated in Book Harvest's annual Impact Report and website. They also receive the latest Book Harvest branded promotional items, including a *Books from Birth* starter home library for a newborn in their life.

BOOK HARVEST FOUNDERS CIRCLE ANNUAL RECOGNITION LEVELS

Diamond	Platinum	Gold	Silver	Bronze
$250,000+	$100,000	$50,000	$25,000	$10,000

A note from Anna & Matt Reilly, Book Harvest's inaugural Founders Circle members:

"Matt and I are honored to launch Book Harvest's Founders Circle. We have seen up close what Book Harvest is capable of, and we believe it is poised to rewrite the landscape of literacy in our country. Early lead gifts matter! We hope others will join us. Those who do will change lives and be a part of securing a brighter, more joyful, and more literate future for our kids and for us all."

-Anna Reilly, Book Harvest Board Chair
